Bridge Workshops

At the Illawarra Bridge Association

How To Run A Squeeze

A cardplay workshop for intermediate players

There are few cardplay techniques more satisfying than executing a squeeze. This workshop introduces the simple and double squeeze and shows what to look for and what you need to put in place before a squeeze can work.

There is a mix of theory and practise – the session will include eight or more hands of play where each player will get several opportunities to see the concepts just discussed happen at the table.

The course will include handouts discussing each hand, allowing participants to take the lesson away to study at their own pace.

Where is it:	The Illawarra Bridge Association Hall, Figtree
When is it:	**Saturday 14th November 2026**
	9-30am until noon at the latest
How much does it cost:	**$15 per lesson**
	(Please bring cash on the day)
Who is giving it:	Steve Geddes

Please note that this is NOT a good workshop for beginning players. Everyone is welcome, but the level of cardplay assumed will be higher than usual for Steve's regular workshops.

Further information, please contact: Steve Geddes 0422 634 451

You can attend as an individual or as a partnership.
